PROFILE

I am a web developer with more than 3 years of experience in creating dynamic and functional websites. I have a degree in Computer Science, which has given me a solid base to specialize in technologies such as WordPress, React, Next.js, CSS, Tailwind, TypeScript, Photoshop and Figma. With an intermediate level of English and a focus on continuous learning, I keep myself updated with the latest technological trends, always looking to offer optimized solutions and exceeding the expectations of my clients.
